INVESTMENT OBJECTIVES AND STRATEGY

Investment Objectives

The primary investment objective of the Fund is to preserve the principal value of the investment and provide next-day availability of funds. In addition, the Fund will seek to invest in assets that will provide income sufficient to pay returns to investors competitive with liquid unsecured bank deposit rates prevailing in The Bahamas.

Investment Strategy

The Fund will invest in a portfolio of high quality short-term assets structured to match anticipated investor demands for liquidity. While the Investment Manager may maintain a certain percentage of the Fund’s portfolio in custodian sweep accounts or in ready funds to service anticipated or customary withdrawals, it will attempt to maximize the investment of cash balances and inflows within the risk parameters of the Fund.

Eligible Investments

The following investments shall be eligible investments for the Fund. However, at no time should the duration of the Class “A” Shares portfolio exceed 24 months:

(a) Bahamas Government Registered Stock;
(b) Obligations of quasi governmental entities;
(c) Bahamas Government Treasury Bills
(d) Collateralized Mortgage Securities;
(e) Corporate Notes, Bonds and Debentures;
(f) Certificates of Deposit and other bank deposits with Approved Banks
(g) Commercial Paper;
(h) Commercial/Private Short-Term Loans;
(i) Guanreased Investment Contracts
(j) Preference Shares with fixed dividend rates;
(k) Repurchase agreements on otherwise eligible securities;
(l) Funds;
(m) Swaps;
(n) Trade Receivables;
(o) Credit Card Receivable;
(p) Mortgage Backed Securities;
(q) Any other investments deemed appropriate by the Manager.

The Fund may buy or sell interest rate derivatives and over-the-counter options on Bahamian Government Treasuries for bona fide hedging purposes only, except that it may sell fully covered options to enhance the yield of the portfolio.

Investment Restrictions

Class “A” Shares portfolio of the Fund shall not invest in any single investment holding in any security issue which shall exceed twenty five percent of the value of the portfolio on a cost basis with the exception of Government Notes or Bills, Repurchase Agreements collateralized by Government Treasury or Government Agency securities, bank deposits and cash balances.
The Class “B” Shares are the Management Shares of the Fund.

All other Classes of the Fund shall have no restriction with regard to the diversification or duration.

The Fund may sell securities short only to hedge the duration exposure of the Fund.

**Borrowing**

The Fund may enter into reverse repurchase agreements, pledging fund assets as collateral to raise immediate cash to facilitate redemption requests pending the orderly sale and settlement of securities to liquidate the reverse repurchase transaction. The Fund may purchase assets for forward settlement when there is cash available on a trade date basis to settle the securities. The Fund shall not otherwise borrow or lever assets.

**Related Party Transactions**

The Fund may enter into transactions with related parties from time to time provided that such transactions are conducted on commercial terms and do not violate any conditions contained herein.

**INVESTMENT RESTRICTIONS**

**THE FUND MAY NOT:**

**Scope:** Invest in any companies that are not registered in the Commonwealth of The Bahamas.

**Borrow:** Leverage the assets of the Fund more than 5:1, except that the portfolio may obtain financing for temporary or emergency (not leveraging) purposes, including the need to meet redemption requests that might otherwise require the untimely disposition of the securities. The amount borrowed, however, may not exceed 35% of the value of the Fund.

**Diversification:** Make any investment if more than 20% of the Fund would be in a single issuer. This limit does not apply to Government Securities. This restriction will only apply until the Fund’s NAV is greater than $10 million.

Invest more than 55% of the value of its total assets in securities of issuers in any industry other than those securities issued or guaranteed by the Government of The Bahamas.

If these limits are exceeded due to the change in the asset value of the Fund or because of redemption, the Investment Manager shall not be obligated to effect changes in assets already owned.

**Liquidity:** Acquire more than 20% of securities at the time of purchase that are not readily marketable.

**Short Sale:** Make short sales of securities or maintain a short position unless it is for duration adjustment purposes.

**Derivatives:** Undertake any transaction in any complex financial instruments such as derivative instruments.

**Real Property:** Invest directly in real property of any kind. However, the Fund may invest in securitized mortgages or a Real Estate Investment Trust (“REIT”).

**Asset Allocation:** The cash portion of the Fund will represent not less than 10% of the portfolio. Preferred shares will be limited to a maximum of 35% and commercial paper will be limited to a maximum of 75%.
of the portfolio and no more than 20% of the portfolio can be invested in any one security (provided it is a Government entity) unless the security price appreciation brings its value to greater than 10%.

**Cash Holdings:** When the Fund is not holding securities it may only hold cash deposits denominated in Bahamian dollars. The term of these deposits will range from overnight to a maximum of one year. The deposits will only be held with institutions with a strong, short-term credit rating. There is no maximum to the percentage of cash holding in the Fund.

**Lending of Portfolio Securities:** The Investment Manager may utilize the assets of the Fund, or any interest in the Fund, as collateral for borrowing purposes as aforementioned.

**RISK FACTORS**

**General**

A subscription for shares should be considered only by investors financially able to maintain their investment for the long-term.

**Market Risks**

There can be no assurance that the Fund will achieve its investment objectives, as changes in economic conditions, interest rates, and the mix of securities in the Fund’s portfolio will affect the return on the Fund’s shares. Additionally, there are limited investment opportunities in the market at this time. The active management of the portfolio will attempt to maximise returns vis-à-vis such constraints.

**Investment Risks**

The market value of the securities held in the Fund’s investment portfolio may vary over time. This variation may be due to: the general movement in interest rates; the market’s valuation of credit risk in general, or to the risk of default or impairment on cash flows due on specific investments of the Fund; and to the market’s valuation of call or prepayment risk on mortgage or asset backed securities. Despite the high quality of the investments contemplated by the Fund, as with all fixed income securities, there is a risk that the obligor on the securities held by the fund could default on timely payment of interest or principal. In such cases, the recovery value will be uncertain, and the market value of the security could decline precipitously. In addition, the Fund will engage in repurchase agreements with major financial institutions and brokers licensed by the Securities Commission of the Bahamas. Such transactions will require delivery to the Fund’s custodian otherwise eligible investment securities with a market value that exceeds the value of the investment at the time of the transaction to hold as collateral against the investment. The fund may allow primary brokers to segregate specific collateral in its custody or in a third party custodian (under a “tri-party agreement”) to secure the repurchase agreement. If the market value of the collateral falls during the term of the repurchase agreement, the Fund will have the right to call the counter-party for additional collateral to secure the repurchase agreement investment. The risks in the transaction are that: (i) the counter-party cannot meet the collateral call and the collateral held as security falls in value below the principal value of the repurchase agreement, or (ii) the counter-party is unwilling or unable to perform on its obligation to repurchase the collateral at term. In either case, the Fund would be exposed to the credit of the counter-party for the difference in the principal value of the repurchase agreement and the value realized from the liquidation of the collateral, and if the counter-party were to breach the terms of the agreement, it would likely be because the counter-party was in a state of serious financial impairment. Fluctuations in the market value of the Fund’s portfolio could limit the crediting rate declared by the Manager.
Conflicts of Interest

The Fund, partnerships in which the Investment Manager or its affiliates may participate as a partner, or other investment management clients which the Investment Manager or its affiliates may have from time to time, may share administrative offices and utilise common services, facilities, investment research and management. The Investment Manager also may determine from time to time that some investment opportunities are appropriate for Investment Management clients and not others, including the Fund, as the Fund has an investment objective that may vary from that of other investment management clients.

For these and other reasons, such as differing time horizons, liquidity needs, and assessment of general market conditions and of individual securities (including options), Fund investment transactions may or may not vary from decisions made for others by the Investment Manager. It may also occasionally be necessary to allocate limited investment opportunities between the Fund and others on a basis deemed appropriate by the Investment Manager.

Reliance on the Manager

Investors in the Fund will have no right or power to elect the members of the Fund’s Board of Directors or to otherwise take part in or direct the management of the Fund. The Investment Manager will make all decisions with respect to the Fund’s investments.

Trading

The Investment Manager intends to effectuate the strategies described above and will generally follow these strategies for as long as such strategies are in accordance with the Fund’s objectives. However, the Investment Manager reserves the right to modify the Fund’s investment approaches or to formulate new approaches to carry out the objectives of the Fund. There can be no assurances that the Fund will achieve its investment objectives.

Expenses

The Fund is subject to fees and expenses set forth under “Fees & Expenses” on page 15.

ADMINISTRATOR, INVESTMENT MANAGER, REGISTRAR AND TRANSFER AGENT

CFAL was established in 1997 and it has a Restricted Investment Fund Administrator’s License.

Apart from providing Investment Fund Management and Administration, CFAL will also provide Registrar Agency services. CFAL is a Bahamian financial advisory firm providing integrated financial services to local and international institutions and individuals.

ADMINISTRATION AGREEMENT

The Fund has entered into an Administration and Registrar and Transfer Agency Agreement with CFAL (Administrator), to perform all general administrative tasks including the keeping of the financial records and calculation of net asset values. The Administrator may decide to sub delegate these administrative tasks or services.

The Administrator is established under the laws of the Commonwealth of The Bahamas and has been licensed by the Securities Commission of The Bahamas as a Restricted Investment Fund Administrator.
MANAGEMENT AGREEMENT

Under the Management Agreement, the Investment Manager will invest and reinvest the assets of the Fund in accordance with the investment objectives and policies of the Fund set forth above.

Under the terms of the Management Agreement, the Investment Manager may charge a fee of up to .50% per annum of the Net Asset Value of the Fund, payable monthly in arrears by the Fund. **No direct fee will be charged to the Fund.**

The Investment Manager or The Fund may terminate the Management Agreement effective at the close of business on the last day of any month by giving the Fund not less than 90 days written notice. The Fund may at any time, without prior notice, order the Investment Manager to cease activity, subject to its obligations to complete execution of directions or instructions already initiated, with respect to the Fund. The services of the Investment Manager to the Fund hereunder are not to be deemed exclusive and the Investment Manager shall be free to render similar services to others and to retain for its own use and benefit all fees or other monies payable thereby and the Investment Manager shall not be deemed to be affected with notice of, or to be under any duty to disclose to the Fund any fact or thing, which comes to the notice of the Investment Manager, or any employee or agent of the Investment Manager, in the course of the Investment Manager rendering similar services to others, or in the course of its business in any other capacity or in any manner whatsoever otherwise than in the course of carrying out its duties hereunder. The Investment Manager may on occasion give advice or take action with respect to the Fund that differs from the advice given with respect to other accounts. Nothing in the Management Agreement shall limit or restrict the right of any directors, officers or employees of the Investment Manager to engage in any other business or to devote his time and attention in part to the management or other aspects of any other business, whether similar or dissimilar in nature. The Investment Manager may aggregate purchases or sales of securities for the Fund with purchases or sales of the same securities by other clients of the Investment Manager. The Investment Manager agrees that in the event that purchases or sales of securities for the Fund shall coincide with the purchases or sales of the same securities by other clients of the Investment Manager, the Investment Manager will make such allocation in a manner believed by the Investment Manager to be equitable to each client.

Under the Management Agreement, the Fund will indemnify the Investment Manager against all expenses, including legal fees, and against all judgements, fines and amounts paid in settlement and reasonably incurred in connection with legal, administrative or investigative proceedings, except that the Investment Manager will not be indemnified against any liability to which it would otherwise be subject by reason of wilful misfeasance, bad faith or gross negligence in the performance of its duties, or reckless disregard of its obligation and duties under the Management Agreement.

BANKER AND CUSTODIAN

The Fund has appointed the Bank of the Bahamas Limited as general banker to the Fund, and CFAL Securities Limited to act as Custodian to the Fund. This role does not imply an endorsement of the Fund or assume any responsibility or involvement in the Fund by the Banker or Custodian beyond these functions. The Banker and Custodian will act solely on the instructions of the Directors of the Fund in accordance with the terms of this Offering Memorandum and any Agreement entered into between The Banker, the Custodian and the Fund.

AUDITORS

The Board of Directors of the Fund has appointed Ernst & Young, Chartered Accountants, Nassau, Bahamas, as the Fund’s Auditors.
FEES AND EXPENSES

The Fund will pay administration and investment management fees and all investment expenses (including brokerage commissions).

Other Expenses

The Fund shall bear other reasonable expenses attributable to it including, but not limited to, the following where applicable:

- Standard bank, Custodian, and brokerage fees incurred for business transactions.
- Interest on financing and any applicable taxes.
- Any custodian and/or depository charges.
- Fees due to the auditors.
- Business license fees.
- Legal expenses of the Fund.

The cost of any irregular transaction required by a shareholder will be charged directly to the investment account of that shareholder. The Fund reserves the right to charge proportionately to each shareholder any unforeseen or unquantifiable imposition of tax, levy, or business license fees by the Government of The Bahamas which may affect this investment fund. Shareholders will be advised of any such charge.

FISCAL YEAR

The fiscal year of the Fund ends on December 31 of each year.

FINANCIAL STATEMENTS

Each year, shareholders will be sent audited financial statements of the Fund not later than the fourth month after the end of the financial year.

ANTI - MONEY LAUNDERING PROCEDURES

Measures aimed towards the prevention of money laundering and applicable “know your customer” legislation require that an applicant verify his/her identity to CFAL, (“the Administrator”). The Administrator’s Investor Identification/Anti Money Laundering Questionnaire must be completed as part of the standard application form (attached hereto). This is in pursuance of Bahamian legislation, mainly, The Proceeds of Crime Act (“PCA”) 2000 and The Financial Transactions Reporting Act (“FTRA”) 2000. Pursuant to FTRA financial institutions are obliged to verify the identity of existing and prospective clients. This obligation is absolute unless the application is being made via a foreign financial institution, which is located in a country set out in note 2 of Investor Identification/Anti Money Laundering Questionnaire.

In addition, the Administrator may request further information and documents before processing the application. This may result in shares/units being issued on a dealing day subsequent to the dealing day on which an applicant initially wished to have shares issued to him.

Pursuant to the Financial Transactions Reporting Regulations (No.1) 2000, an individual will be required to produce a copy of the first four pages of passport (and additional pages, if relevant) or national identity card, together with evidence of his address such as a copy of a recent utility bill or bank statement. Each
partner or beneficial owner of an unincorporated business must complete as individuals, and supply the
documents requested. Additionally, a copy of the partnership agreement or other agreement establishing
the unincorporated business and authorized signatory listing will be required. In the case of corporate
applicants, this will require submission of a certified copy of the Certificate of Incorporation (and any
certificate of change of name), certified copy of Memorandum and Articles of Association, Certificate of
good standing from registrar of companies, the authorized signatory listing and the names and addresses
of all officers, directors and beneficial owners.

It is further acknowledged that the Administrator shall be held harmless and indemnified by the applicant
against any loss arising as a result of a failure to process the application if such documentation is required
by the Administrator and has not been provided by the applicant to the Administrator’s satisfaction.

The minimum initial subscription for Class C – L shares shall be B$1,000. Any exceptions to the
minimum initial subscription are subject to the approval of the Board of Directors. The shares are being
offered subject to prior sale, to the Fund’s right to reject any subscription, in whole or in part, or to
withdrawal of this Offering, in whole or in part, at any time.

Class C – L Shares shall:

a) Only be offered to select investors
b) Shall carry no voting rights nor the right to receive notice of or to attend any
   general meeting of share holders
c) The yield applied to these shares shall be determined from time to based on market conditions and subject to reset on a quarterly basis (i.e. March, June, September and December).
d) The stated yield shall be a net (simple interest) yield to the investor and shall be accrued and paid quarterly.
e) Not be subject to the diversification and liquidity restrictions as outlined in the Information Memorandum relating to Class A shares.
f) Represent equity ownership in the assets segregated for that class of shares, respectively.

The Shares

During the initial offering period, the Class A shares will be offered for sale at $1.00 per share. They will be continuously offered for sale at a purchase price equal to the Fund’s Net Asset Value per Share, as determined on the Valuation Date. See section on Net Asset Value.

The Fund is authorized to issue Classes C-L of shares by Resolution of the Board of Directors. Such classes of shares may be tied to a specific investment or instrument. The Administrator shall keep a separate Register in respect of all classes of shares issued and outstanding. The terms of each class of shares shall be particular to that class and each class will have its net asset value determined separately. Each class of shares will be offered for sale initially at $1.00 per share. Thereafter they will be continuously offered for sale at a purchase price equal to the Fund’s Net Asset Value per Share as determined on the valuation date or at a stated net yield.

The minimum initial subscription in the Fund is $500, although the Fund, in its sole discretion, may accept initial subscriptions for less than the minimum amount. Shares of the Fund shall be purchased at the Net Asset Value per share on the next Valuation Date, and fractional shares may be issued. All shares must be paid in full at the time of their issue. After the initial investment, each investment account must maintain a minimum investment balance of $500 and may be increased in minimum increments of $100.

The Management Shares (Class B Shares)

Upon incorporation, the Investment Manager subscribed for, and paid in full at par, for all of the Management Shares. The holders of the Management Shares have the exclusive right to vote on all matters. The Management Shares may not be redeemed.

Subscriptions

Each investor who wishes to subscribe for Shares will be required to complete, execute and deliver to the Fund’s Administrator a Subscription Agreement in the form attached to the Offering Memorandum. Subscriptions will be fully payable when submitted to the Fund. Subscriptions will be payable by cheque, bank draft, or direct deposit to the Fund’s account, in accordance with the instructions included on the Subscription Agreement. The number of shares or part thereof will be allocated based on the Net Asset Value on the Valuation date.

The Fund will not issue share certificates in respect of the Shares. Upon acceptance of the subscription, the Fund Administrator will forward details of the investment account to the subscriber, including the number of shares credited thereto. Subsequently, the relevant account number must identify all references to and inquiries about any individual investment account.

Distributor and Subscription Office

The Offering Memorandum may also be collected from, and subscription applications delivered to, the offices of Colina Insurance Company Limited, Village Road, Nassau, Marsh Harbour, Abaco, Freeport.
Grand Bahama and at CFAL 308 East Bay Street, Nassau, Bahamas and Chancery Court, Freeport, Grand Bahama.

Transfer of Shares

On acceptance of the subscription, assignment of an investment account number, and the inclusion of the name on the Register of Shareholders, will collectively be *prima facie* evidence of a shareholder’s interest in the Fund. This interest is transferable, subject to notice being given to the Administrator and approval thereof by the Directors.

REDEMPTIONS

Investors may redeem Shares by submitting a Redemption Form to the office of the Administrator at least two business days prior to any Valuation Date (as defined). The prices for the Shares on any redemption will be the Net Asset Value per Share as of such Valuation Date multiplied by the number of Shares being redeemed. See section on Net Asset Value.

Cheques and statements of account reflecting the value of assets at the date of redemption will be dispatched within seven business days of the Valuation Date.

Compulsory Redemption

The Fund’s Articles of Association empower the directors to compulsorily redeem as of any Valuation Date any Shares that, in the opinion of the directors, have been acquired in breach of the laws of any country to which the Fund is subjected, or if such compulsory redemption would in any way best serve the interests of the Fund or of its Shareholders or would eliminate or reduce the exposure of the Fund or of its Shareholders to adverse regulatory or tax consequences under the laws of any country.

Suspension of the Calculation of Net Asset Value Per Share and the Right of Redemption

The Fund may suspend the calculation of the Net Asset Value per Share and the right of Shareholders to request redemption of their Shares during the whole or part of any period in which:

it is not reasonably practicable to determine the Net Asset Value of the Shares on an accurate and timely basis

as a result of events, conditions or circumstances beyond the control or responsibility of the Fund, disposal of the assets of the Fund or other transactions in the ordinary course of the Fund’s business involving the sale, transfer, delivery or withdrawal of securities or Accounts is not reasonably practicable without being detrimental to the interests of Shareholders; or

in the event of the liquidation and dissolution of the Fund or upon the order of a supervisory authority of the Commonwealth of The Bahamas.

The Fund may withhold payment to any person whose Shares have been tendered for redemption until the right of Redemption has been reinstated. All Shareholders and the Securities Commission of The Bahamas will be notified immediately of the suspension of the calculation of the Net Asset Value per Share and of the right to request redemption and of the resumption of the aforementioned calculation and reinstatement of the Right of Redemption.

NET ASSET VALUE

For all purposes of the Fund, including the determination of subscription and redemption prices, the Fund’s Net Asset Value (i) will be calculated as the value of its portfolio securities and other assets, determined as described below, less the value of its liabilities, but including all accrued expenses and brokerage fees, and (ii) will take into account both realised capital gains and losses and unrealised
appreciation and depreciation, as well as accrual for the Administrator’s and Investment Management fee compensation. The Fund’s Net Asset Value per Share will be its Net Asset Value divided by the aggregate number of Class A Shares outstanding on the date of determination.

The Administrator as of the close of business will determine Net Asset Value on the final business day of each week (the “Valuation Date”), unless such a day is a holiday in the Commonwealth of The Bahamas, in which case the determination will be made on the next preceding day that is not a holiday. In valuing the Fund’s assets for this purpose, each investment will be valued at the last reported price. If no sales occurred on such date, however, the value of such investment will be the last reported bid quotation thereof on such date, or if a quotation is not available for such date, at the average of the most recent bid quotations for such investment available, in either case from market makers licensed by the Securities Commission of The Bahamas.

If such quotations are not readily available, or if the Board of Directors determines that they do not fairly represent the value of an investment, an investment will be valued using methods determined in good faith by the Board of Directors, after consultation with the Investment Manager.

**TAX CONSEQUENCES**

Under existing legislation in The Bahamas, there are no income, capital gains or withholding taxes payable by the Fund, or its Shareholders, nor are there any Bahamian estate, succession or inheritance taxes payable by Shareholders with respect to their Shares.

**DIVIDENDS**

The Fund will not distribute dividends to its shareholders but will reinvest all net income in the Fund. The accumulation of net income will be reflected by an increase both in the Net Asset Values (NAV) per share of the Fund and in the value of each shareholder’s investment account.

**REPORTS TO SHAREHOLDERS**

Within seven days after each Valuation Date, the Fund Administrator will publish the NAV and/or performance figures for the preceding week on its website.

The fiscal year end of the Fund shall be December 31st each year. The Fund will be audited annually, and the audited financial statements will be available for inspection at the offices of the Administrator within four months of the end of the financial year. It is not the intention of the Fund to hold any Annual Meetings of shareholders.

Shareholders may contact the office of CFAL for valuations of investment accounts and copies of the audited annual reports which will be available to Shareholders within six (6) months after the end of the Fund’s fiscal year or such other period permissible by law or such extension of time granted by the Securities Commission of The Bahamas. All material documents associated with the Fund may be viewed at the office of Colina Financial Advisors Ltd. during regular office hours.
