INVESTMENT OBJECTIVES AND STRATEGY

Investment Objective

The Fund seeks to achieve above-average risk adjusted returns consistent with the Fund's risk tolerance.

Investment Strategy

The investment of the Fund focuses heavily on fundamental security analysis, which is supported by macro-economic analysis and our internal outlook for key sectors of the economy.

In analyzing a potential equity investment, the Investment Manager examines factors including, but not limited to: the issuer's core business environment; growth and/or expansion opportunities; the quality of the management team and the valuation being attached to the investment. Similarly, when analyzing fixed income securities, the Manager examines the issuer's ability to service its interest and principal obligations in a timely manner as well as the duration, rating, yield and structure of the investment.

The Fund will pursue its objective by investing primarily in a blend of equities which possess strong long-term value and growth and high-quality fixed income securities. These investments may include common stock, preference shares, corporate and government bonds, and cash equivalents. The Fund's assets may also be invested in Bahamas Government debt obligations such as Registered Stock and Treasury Bills, which provide safety of principal and relative liquidity. Additionally, these securities will allow the Fund to realize a stable income flow..

Asset Allocation

To achieve its investment strategy, the Fund will observe the following asset allocation:

Asset Class*	Range
Cash & Equivalents	5 – 100%
Fixed Income	30 – 60%
Equities (includes equity funds)	40 – 70%

**Non-perpetual preference shares will be categorized as fixed income and perpetual preference shares will be categorized as equities.*

Short Sale: Make short sales of securities or maintain a short position.

Derivatives: Undertake any transactions in any derivative instruments neither listed nor over-the-counter.

Real Property: Invest directly in real property of any kind.

Lending of Portfolio Securities: Utilize the assets of the Fund or any interest in the Fund as collateral for borrowing purposes other than the aforementioned.

**If these limits are exceeded due to the change in the asset value of the Fund or because of redemptions, the Investment manager shall not be obligated to effect changes in assets already owned.*

A subscription for shares should be considered only by investors financially able to maintain their investment for the long-term.

Suspension of the Calculation of Net Asset Value Per Share and the Right of Redemption.

The Company may suspend the calculation of the Net Asset Value Per Share and the right of Shareholders to request redemption of their Shares during the whole or part of any period which:

- It is not reasonably practicable to determine the Net Asset Value of the Shares on an accurate and timely basis;
- As a result of events, conditions or circumstances beyond the control or responsibility of the Fund, disposal of the assets of the Fund or other transactions in the ordinary course of the Fund's business involving the sale, transfer, delivery or withdrawal of securities or Accounts is not reasonably practicable without being detrimental to the interest of the Shareholders; or
- In the event of the liquidation and dissolution of the Fund or upon the order of a supervisory authority of the Commonwealth of The Bahamas.

The Fund may withhold payment to any person whose Shares have been tendered for redemption until the right of Redemption has been reinstated. All Shareholders and the Securities Commission of The Bahamas will be notified immediately of the suspension of the calculation of the Net Asset Value per Share and of the right to request redemption and of the resumption of the aforementioned calculation and reinstatement of the Right of Redemption.

NET ASSET VALUE

For all purposes of the Fund, including the determination of subscription and redemption prices, the Fund's Net Asset Value (i) will be calculated as the value of its portfolio securities and other assets, determined as described below, less the value of its liabilities, but including all accrued expenses and brokerage fees, and

(ii) will take into account both realized capital gains and losses and unrealized appreciation and depreciation, as well as accrual for the Administrator's, Auditor's and Investment Management fee compensation.

The Fund's Net Asset Value per Share will be its Net Asset Value divided by the aggregate number of Class A Shares outstanding on the date of determination.

Net Asset Value will be determined by the Administrator as of the close of business on the final business day of the month (the "Valuation Date"). In valuing the Fund's assets for this purpose, each investment will be valued at the last reported price. If no sales occurred on such date, however, the value of such investment will be the last reported bid quotation thereof on such date, or if a quotation is not available for such date, at the most recent bid quotation for such investment available, in either case from its principal market makers.

If such quotations are not readily available, or if the Board of Directors determines that they do not fairly represent the value of an investment, an investment will be valued using methods determined in good faith by the Board of Directors, after consultation with the Investment Manager.

TAX CONSEQUENCES

Under existing legislation in The Commonwealth of The Bahamas, there are no income, capital gains or withholding taxes payable by the Fund, or its Shareholders, nor are there any Bahamian estate, succession or inheritance taxes payable by Shareholders with respect to their Shares. Value added Tax (VAT) is required on certain purchases of goods and services imposed by the Government of The Bahamas. The Fund's interest income is exempt from output VAT, and the Fund is not required to apply as a VAT registered entity.

DIVIDENDS

The Fund will not distribute dividends to its shareholders but will reinvest all dividends, interest and net income in the Fund. The accumulation of net income will be reflected by an increase both in the Net Asset Values (NAV) per shares of the Fund and in the value of each shareholder's investment account.

REPORTS TO SHAREHOLDERS

Within seven days after each Valuation Date, the Fund Administrator will distribute the NAV and/or performance figures for the preceding month to Bahamas International Securities Exchange (BISX) for publishing on the price sheet in the local daily newspaper. The fiscal year of the Fund shall be December 31st of each year. The Fund will be audited annually, and the audited financial statements will be completed no later than the sixth month after the end of the financial year. It is not the intention of the Fund to hold any Annual Meetings of shareholders.

Shareholders may contact the office of CFAL for valuations of investment accounts and copies of the audited annual reports which will be available to Shareholders within six (6) months after the end of the Fund's fiscal year or such other period permissible by law or such extension of time granted by the Securities Commission of The Bahamas. All material documents associated with the Fund may be viewed at the office of CFAL during regular office hours.
