

The following summary is intended to highlight certain information contained in the body of the Offering Memorandum where more detailed information is found. The information on the Fund set out below should be read in conjunction with the full text of this document, from which it is derived.

FUND INVESTMENT OBJECTIVE:

CFAL Global Bond Fund, Ltd. ("Global Bond Fund") seeks a high total risk adjusted investment return by investing in a global portfolio of investment grade and non-investment grade fixed income securities. The Fund will be managed for return on principal and return of principal.

FUND INVESTMENT STRATEGY

The Fund will pursue its objective by investing in U.S. Government Bonds and high-quality corporate bonds, U.S. dollar denominated debt and debt-like securities of issuers domiciled outside the U.S. In evaluating securities, the Investment Manager will utilize its internal credit analysis resources as well as financial and economic information obtained from other resources.

FUND SUITABILITY

This strategy is suitable for long-term investors who seek high total return without undue risk to principal.
