INVESTMENT OBJECTIVES AND STRATEGY

Investment Objectives

The primary investment objective of the Fund is to preserve the principal value of the investment while returning a yield of approximately equal to the local prime rate (currently 4.25%).

Investment Strategy

The Funds primary objective is to minimize risk while participating fully in rising markets. The Fund will invest primarily in a diversified mix of high yield, high quality short-term and long-term fixed income securities. These investments include corporate bonds and commercial papers, mortgage-related and asset backed securities, government registered stocks and preferred stock investments. We believe this is best accomplished through the use of active portfolio management reinforced with extensive in-house fixed income securities analysis. The Fund will be managed for return on principal as well as return of principal.

While the Investment Manager may maintain a certain percentage of the Fund's portfolio in custodian sweep accounts or in ready funds to service anticipated or customary withdrawals, it will attempt to maximize the investment of cash balances and inflows within the risk parameters of the Fund.

ELIGIBLE INVESTMENTS

Securities issued by the Government of The Bahamas, Obligations of Quasi Government entities, Bonds issued by domestic Bahamian companies, Commercial paper rated internally by CFAL, Asset-Backed Securities rated A or better by CFAL, Repurchase Agreements on otherwise eligible investments or on segregated collateral with primary dealers, Sweep Vehicles offered by the Custodian Bank, trade Receivables, Credit Card Receivables and Mortgage-Backed Securities. The Fund may buy or sell interest rate derivatives and over-the-counter options on Bahamian Government Treasuries for bona fide hedging purposes only, except that it may sell fully covered options to enhance the yield of the portfolio.

INVESTMENT RESTRICTIONS

Until the net asset value of the Fund exceeds \$2 million, the Fund will only be entitled to invest in Government Notes or Bills, repurchase agreements collateralised by Government Treasury or Government Agency securities, cash balances or custodian sweep vehicles; it shall not invest in any single investment holding in any security issue which shall exceed thirty five percent of the value of the portfolio. The Investment Manager shall maintain portfolio duration of not less than 2 years. The Fund may sell securities short only to hedge the duration exposure of the Fund.

BORROWING

The Fund may enter into reverse repurchase agreements, pledging fund assets as collateral to raise immediate cash to facilitate redemption requests pending the orderly sale and settlement of securities to liquidate the reverse repurchase transaction. The Fund may purchase assets for forward settlement when there is cash available on a trade date basis to settle the securities. The Fund shall not otherwise borrow or lever assets.

RELATED PARTY TRANSACTIONS

The Fund may not purchase securities from or sell securities to any officer or director of the Fund.

OTHER INVESTMENT RESTRICTIONS

THE FUND MAY NOT:

Scope: Invest in any companies that are not registered in the Commonwealth of The Bahamas.

Borrow: Leverage the assets of the Fund more than 5:1, except that the portfolio may obtain financing for temporary or emergency (not leveraging) purposes, including the need to meet redemption requests that might otherwise require the untimely disposition of the securities. The amount borrowed, however, may not exceed 35% of the value of the Fund.

Diversification: Make any investment if more than 20% of the Fund would be in a single issuer. This limit does not apply to Government Securities. This restriction will only apply until the Fund's NAV is greater than \$10 million.

Invest more than 55% of the value of its total assets in securities of issuers in any industry other than those securities issued or guaranteed by the Government of The Bahamas.

If these limits are exceeded due to the change in the asset value of the Fund or because of redemption, the Investment Manager shall not be obligated to effect changes in assets already owned.

Liquidity: Acquire more than 20% of securities at the time of purchase that are not readily marketable.

Short Sale: Make short sales of securities or maintain a short position unless it is for duration adjustment purposes.

Derivatives: Undertake any transaction in any complex financial instruments such as derivative instruments.

Real Property: Invest directly in real property of any kind. However, the Fund may invest in securitized mortgages or a Real Estate Investment Trust ("REIT").

Asset Allocation: The cash portion of the Fund will represent not less than 10% of the portfolio. Preferred shares will be limited to a maximum of 35% and commercial paper will be limited to a maximum of 75% of the portfolio and no more than 20% of the portfolio can be invested in any one security (provided it is a Government entity) unless the security price appreciation brings its value to greater than 10%.

Cash Holdings: When the Fund is not holding securities it may only hold cash deposits denominated in Bahamian dollars. The term of these deposits will range from overnight to a maximum of one year. The deposits will only be held with institutions with a strong, short-term credit rating. There is no maximum to the percentage of cash holding in the Fund.

Lending of Portfolio Securities: The Investment Manager may utilize the assets of the Fund, or any interest in the Fund, as collateral for borrowing purposes as aforementioned.

RISK FACTORS

General

A subscription for shares should be considered only by investors financially able to maintain their investment for the long-term.

Market Risks

There can be no assurance that the Fund will achieve its investment objectives, as changes in economic conditions, interest rates, and the mix of securities in the Fund's portfolio will affect the return on the Fund's shares. Additionally, there are limited investment opportunities in the market at this time. The active management of the portfolio will attempt to maximise returns *vis-à-vis* such constraints.

Investment Risks

The market value of the securities held in the Fund's investment portfolio may vary over time. This variation may be due to: the general movement in interest rates; the market's valuation of credit risk in general, or to the risk of default or impairment on cash flows due on specific investments of the Fund; and to the market's valuation of call or prepayment risk on mortgage or asset backed securities. Despite the high quality of the investments contemplated by the Fund, as with all fixed income securities, there is a risk that the obligor on the securities held by the fund could default on timely payment of interest or principal. In such cases, the recovery value will be uncertain, and the market value of the security could decline precipitously. In addition, the Fund will engage in repurchase agreements with major financial institutions and brokers licensed by the Securities Commission of the Bahamas. Such transactions will require delivery to the Fund's custodian otherwise eligible investment securities with a market value that exceeds the value of the investment at the time of the transaction to hold as collateral against the investment. The fund may allow primary brokers to segregate specific collateral in its custody or in a third-party custodian (under a "tri-party agreement") to secure the repurchase agreement. If the market value of the collateral falls during the term of the repurchase agreement, the Fund will have the right to call the counter-party for additional collateral to secure the repurchase agreement investment. The risks in the transaction are that: (i) the counter-party cannot meet the collateral call and the collateral held as security falls in value below the principal value of the repurchase agreement, or (ii) the counter-party is unwilling or unable to perform on its obligation to repurchase the collateral at term. In either case, the Fund would be exposed to the credit of the counter-party for the difference in the principal value of the repurchase agreement and the value realized from the liquidation of the collateral, and if the counter-party were to breach the terms of the agreement, it would likely be because the counter-party was in a state of serious financial impairment. Fluctuations in the market value of the Fund's portfolio could limit the crediting rate declared by the Manager.

The foregoing risk factors do not purport to be a complete explanation of the risks involved in investing in the shares. Prospective investors should read this entire memorandum and consult with their legal, tax and financial advisors before determining whether to invest in the fund.

No assurance can be made that profits will be achieved or that substantial losses will not be incurred. In addition, as the fund's investment program develops and changes over time, an investment in the fund may be subject to additional and different risk factors.

CONFLICTS OF INTEREST

Colina Financial Advisors Ltd. (referred to herein as “CFAL”, the “Administrator” and the “Investment Manager”) and CFAL Securities Ltd. The Investment Manager also may determine from time to time that some investment opportunities are appropriate for Investment Management clients and not others, including the Fund, as the Fund has an investment objective that may vary from that of other investment management clients.

For these and other reasons, such as differing time horizons, liquidity needs, and assessment of general market conditions and of individual securities (including options), Fund investment transactions may or may not vary from decisions made for others by the Investment Manager. It may also occasionally be necessary to allocate limited investment opportunities between the Fund and others on a basis deemed appropriate by the Investment Manager.

By acquiring Shares, each Shareholder will be deemed to have acknowledged the existence of such actual and potential conflicts of interest and to have waived any claim with respect to the existence of any such conflict of interest.

RELIANCE ON THE MANAGER

The cost of any irregular transaction required by a shareholder will be charged directly to the investment account of that shareholder. Shareholders will be advised of any such charge.

The fiscal year of the Fund ends on December 31st, of each year.

FINANCIAL STATEMENTS

Each year, audited financial statements of the Fund will be made available to shareholders not later than the sixth month after the end of the financial year.

ANTI -MONEY LAUNDERING PROCEDURES

Measures aimed towards the prevention of money laundering and applicable “know your customer” legislation require that an applicant verify his/her identity to CFAL, (“the Administrator”). The Administrator’s Investor Identification/Anti Money Laundering Questionnaire must be completed as part of the standard application form (attached hereto). This is in pursuance of Bahamian legislation, mainly, The Proceeds of Crime Act (“POCA”) 2018 and The Financial Transactions Reporting Act (“FTRA”) 2018. Pursuant to FTRA, financial institutions are obliged to verify the identity of existing and prospective clients.

In addition, the Administrator may request further information and documents before processing the application. This may result in shares/units being issued on a dealing day subsequent to the dealing day on which an applicant initially wished to have shares issued to him.

Pursuant to the Financial Transactions Reporting Regulations, 2018 an individual will be required to produce a copy of the first four pages of passport (and additional pages, if relevant) or national identity card, together with evidence of his address such as a copy of a recent voter’s card, utility bill or bank statement.

Each partner or beneficial owner of an unincorporated business must complete as individuals, and supply the documents requested. Additionally, a copy of the partnership agreement or other agreement establishing the unincorporated business and authorized signatory listing will be required. In the case of corporate applicants, this will require submission of a certified copy of the Certificate of Incorporation (and any certificate of change of name), certified copy of Memorandum and Articles of Association, Certificate of good standing from registrar of companies, the authorized signatory listing and the names and addresses of all officers, directors and beneficial owners.

It is further acknowledged that the Administrator shall be held harmless and indemnified by the applicant against any loss arising as a result of a failure to process the application if such documentation is required by the Administrator and has not been provided by the applicant to the Administrator’s satisfaction.

TERMS OF THE OFFERING

General

The Fund’s authorised capital consists of \$100,100.00 divided into 10,000,000 non-voting Class A shares having par value \$0.01 cent each and 10,000 voting Class B shares having a par value of \$0.01 cent each per share (Management Shares).

The Shares

During the initial offering period, the Class A shares will be offered for sale at \$1.00 per share. They will be continuously offered for sale at a purchase price equal to the Fund's Net Asset Value per Share, as determined on the Valuation Date. See section on Net Asset Value.

The minimum initial subscription in the Fund is \$1,000.00 although the Fund, in its sole discretion, may accept initial subscriptions for less than the minimum amount. Shares of the Fund shall be purchased at the Net Asset Value per share on the next Valuation Date, and fractional shares may be issued. All shares must be paid in full at the time of their issue. After the initial investment, each investment account must maintain a minimum investment balance of \$1,000.00 and may be increased in minimum increments of \$100.

The Management Shares

Upon incorporation, the Investment Manager subscribed for, and paid in full at par, for all of the Management Shares. The holders of the Management Shares have the exclusive right to vote on all matters. The Management Shares may not be redeemed.

Subscriptions, Applications and Settlements

The minimum initial subscription per investor is \$1,000.00. Subsequent investments may be made in minimum increments of \$100. The Board of Directors may in its sole discretion waive the minimum initial subscription for any investor.

Shares can be subscribed for only by application through the Administrator. A Subscription Agreement is attached to this Offering Memorandum and further agreements may be obtained from the Administrator. The Subscription Price for Shares will be available during normal business hours every Business Day at the office of the Administrator.

Applications for Shares should be made on the Subscription Agreement which, when completed and executed, should be delivered to the Administrator at the address shown on the Application Form. The Application Form must be submitted to the Administrator by the last business day of each month. Subscriptions will be fully payable when submitted to the Fund. Subscriptions will be payable by cheque or bank draft in accordance with the instructions included on the Subscription Agreement. The number of shares or part thereof will be allocated based on the Net Asset Value on the Valuation Date.

Subject to acceptance of the application and receipt of the amount for subscription, contract notes will be sent to successful applicants within five (5) Business Days after the calculation of the Net Asset Value as at the relevant Valuation Date.

Any Application Forms received after the relevant time for receipt of applications for Shares, will be held over until the next following Dealing Day and Shares will (subject to receipt of the subscription monies) then be issued at the Subscription Price applicable based on the Net Asset Value prevailing on the immediately preceding Valuation Date.

Upon acceptance of the subscription, the Fund Administrator will forward details of the investment account to the subscriber, including the number of shares credited thereto. Subsequently, the relevant account number must identify all references to and inquiries about any individual investment account.

Distributor and Subscription Office

The Offering Memorandum may also be collected from, and subscription applications delivered to, the offices of:

Colina Insurance Limited at:

1. Marsh Harbour, Abaco, The Bahamas;
2. Freeport Grand Bahama, The Bahamas; and at

Colina Financial Advisors Ltd. (“CFAL”)

1. 308 East Bay Street, Nassau, The Bahamas.

Transfer of Shares

On acceptance of the subscription, assignment of an investment account number, and the inclusion of the name on the Register of Shareholders will collectively be *prima facie* evidence of a shareholder’s interest in the Fund. This interest is transferable, subject to notice being given to the Administrator in writing.

A transfer form is available on request from the Administrator. The Directors may decline to register a transfer unless they are provided with evidence in respect of the proposed transferee, which satisfies their requirements to prevent money laundering.

The Directors shall decline to register any transfer of a Participating Share where they are aware or believe that such transfer would or might result in the beneficial ownership of such Shares by a person who is an ineligible investor.

REDEMPTIONS

Investors may redeem Shares by submitting a Redemption Form to the office of the Administrator at least two weeks prior to any Valuation Date (as defined). The redemption request shall set out the Shareholder’s name, Reference Number and the number of Participating Shares or Dollar amount to be redeemed.

If the redemption notice is received after the aforementioned notice period it shall be treated as a request for redemption on the next following Dealing Day and Shares will be redeemed at the Redemption Price as at the Valuation Date immediately preceding that Dealing Day.

Unless otherwise instructed in writing by the Shareholder, redemption proceeds (cheque) will be sent by mail to the Shareholder’s address as set out in the Shareholders register and, in the case of joint holders, to the joint holder whose name stands first in the Shareholders’ register.

The Fund will normally make payment for the Shares to be redeemed at the latest ten Business Days following the calculation of the Net Asset Value as at the relevant Valuation Date.

The prices for the Shares on any redemption will be the Net Asset Value per Share as of such Valuation Date multiplied by the number of Shares being redeemed. See section on Net Asset Value.

Wire transfers and statements of account reflecting the value of assets at the date of redemption will be dispatched within seven business days of the Valuation Date.

Compulsory Redemption

The Fund's Articles of Association empower the directors to compulsorily redeem as of any Valuation Date any Shares that, in the opinion of the directors, have been acquired in breach of the laws of any country to which the Fund is subjected, or if such compulsory redemption would in any way best serve the interests of the Fund or of its Shareholders or would eliminate or reduce the exposure of the Fund or of its Shareholders to adverse regulatory or tax consequences under the laws of any country.

Suspension of the Calculation of Net Asset Value Per Share and the Right of Redemption

The Fund may suspend the calculation of the Net Asset Value per Share and the right of Shareholders to request redemption of their Shares during the whole or part of any period in which:

- a. it is not reasonably practicable to determine the Net Asset Value of the Shares on an accurate and timely basis;
- b. as a result of events, conditions or circumstances beyond the control or responsibility of the Fund, disposal of the assets of the Fund or other transactions in the ordinary course of the Fund's business involving the sale, transfer, delivery or withdrawal of securities or Accounts is not reasonably practicable without being detrimental to the interests of Shareholders; or
- c. in the event of the liquidation and dissolution of the Fund or upon the order of a supervisory authority of the Commonwealth of The Bahamas.

The Fund may withhold payment to any person whose Shares have been tendered for redemption until the right of Redemption has been reinstated. All Shareholders and the Securities Commission of The Bahamas will be notified immediately of the suspension of the calculation of the Net Asset Value per Share and of the right to request redemption and of the resumption of the aforementioned calculation and reinstatement of the Right of Redemption.

NET ASSET VALUE

For all purposes of the Fund, including the determination of subscription and redemption prices, the Fund's Net Asset Value (i) will be calculated as the value of its portfolio securities and other assets, determined as described below, less the value of its liabilities, but including all accrued expenses and brokerage fees, and (ii) will take into account both realised capital gains and losses and unrealised appreciation and depreciation, as well as accrual for the Administrator's and Investment Management fee compensation. The Fund's Net Asset Value per Share will be its Net Asset Value divided by the aggregate number of Class A Shares outstanding on the date of determination.

The Administrator as of the close of business will determine Net Asset Value on the final business day of each week (the "Valuation Date"), unless such a day is a holiday in the Commonwealth of The Bahamas, in which case the determination will be made on the next preceding day that is not a holiday. In valuing the Fund's assets for this purpose, each investment will be valued at the last reported price. If no sales occurred on such date, however, the value of such investment will be the last reported bid quotation thereof on such date, or if a quotation is not available for such date, at the average of the most recent bid quotations for such investment available, in either case from market makers licensed by the Securities Commission of The Bahamas.

If such quotations are not readily available, or if the Board of Directors determines that they do not fairly represent the value of an investment, an investment will be valued using methods determined in good faith by the Board of Directors, after consultation with the Investment Manager.

TAX CONSEQUENCES

The Fund is not liable for taxation in the Commonwealth of The Bahamas including income and capital gains, except for value added tax (“VAT”) on certain purchases of goods and services imposed by the Government of The Bahamas. On January 1, 2015, the VAT Bill and Regulations became effective in the Commonwealth of The Bahamas. The Fund’s interest income is exempt from output VAT, and the Fund is not required to apply as a VAT registered entity. Input VAT that the Fund incurs with regards to its vatable purchases of goods and services is charged to statement of comprehensive operations. Moreover, interest income received by the Fund is subject to withholding tax imposed on certain countries of origin. Income that is subject to tax is recognized gross of the taxes and the corresponding withholding tax is recognized as an expense in the statement of comprehensive income.

DIVIDENDS

The Fund will not distribute dividends to its shareholders but will reinvest all net income in the Fund. The accumulation of net income will be reflected by an increase both in the Net Asset Values (NAV) per share of the Fund and in the value of each shareholder’s investment account.

REPORTS TO SHAREHOLDERS

Within seven days after each Valuation Date, the Fund Administrator will publish the NAV and/or performance figures for the preceding week on its website.

The fiscal year end of the Fund shall be December 31st each year. The Fund will be audited annually, and the audited financial statements will be available for inspection at the offices of the Administrator within six months of the end of the financial year. It is not the intention of the Fund to hold any Annual Meetings of shareholders.

Shareholders may contact the office of CFAL for valuations of investment accounts and copies of the audited annual reports which will be available to Shareholders within six (6) months after the end of the Fund’s fiscal year or such other period permissible by law or such extension of time granted by the Securities Commission of The Bahamas. All material documents associated with the Fund may be viewed at the office of Colina Financial Advisors Ltd. during regular office hours.
